MEMORANDUM FOR: Director of Central Intelligence

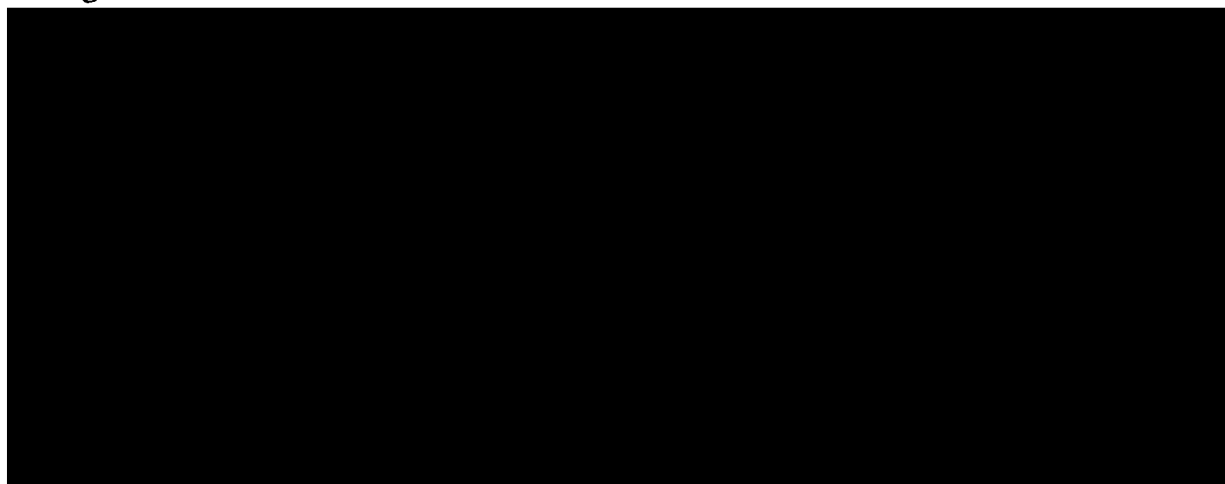

FROM : John F. Blake  
Deputy Director for Administration

SUBJECT : Invitation to Address the Office of Logistics  
Conference, 28-30 April 1976

George:

1. Realizing the demands on your time, allow me to make a few comments on the invitation you have received from Mike Malanick to address his forthcoming Office of Logistics Conference.

3. Round-trip travel time from here to [redacted] is a little less than two hours. Assuming you would talk for perhaps 30 minutes, another 45 minutes would be involved seeing [redacted]. Give or take something, if you were to accept Mike's invitation and also visit the facility, it is a commitment of approximately three and a half hours. As Mike mentioned in his memorandum, he stands ready to work you into the schedule at any time that is convenient to you.

MEMORANDUM FOR: Director of Central Intelligence

STATINTL

FROM : Michael J. Malanick  
Director of Logistics

VIA : Deputy Director for Administration

SUBJECT : Logistics Conference - 28, 29, and 30 April 1976

Sir:

6 APR 1976

STATINTL 1. The Office of Logistics is holding its annual Logistics Conference at [REDACTED] from Wednesday afternoon, 28 April, through Friday, 30 April. Attendees, approximately 133 in number, include a cross section of the Logistics Career Service: 58 GS-10's and below and 75 GS-11's and above. We have invited guest speakers from several offices in the Agency, principally the DD/A, who will be giving presentations on a variety of support projects and programs.

2. We would consider it an honor and the highlight of our conference if you could find time in your busy schedule to address this conference for 30 to 45 minutes at a time most convenient to you during the period of this conference. We would appreciate hearing your comments on the broad range of organizational and management issues facing the Intelligence Community and CIA. The conference attendees would be especially interested in your views on the future role of CIA in covert action programs, particularly the need to maintain a contingency capability to support covert paramilitary operations.
